2007-08 Non-Salary Spending Guidelines

President Genshaft has directed a freeze on all non-essential expenditures at USF to prepare for a 15% budget reduction. It is necessary to restrict spending in order to have cash available to cover a non-recurring reduction in the second half of 2007-08 plus help cover the implementation of any recurring reductions that will be mandated for 2008-09. Each VP area, in consultation with the Budget Council, has developed more specific guidelines and approvals to assist the University in the reduction efforts. The guidelines outlined below are not all inclusive and do not remove responsibility at all levels to ensure sound, essential and responsible expenditure patterns. These guidelines are for E&G, E&G carry forward, overhead, and auxiliary resources. These guidelines will be in place until the budget for 2008-09 is finalized.
